

Appendix C. Participation

A matrix is presented to give a broad overview of who attended meetings and when input was provided to the HMP update. All participants were encouraged to attend the Kick-off Meeting and Jurisdictional Annex Workshop. During the planning process the consultant contacted each participant to offer support, explain the process, and to facilitate the submittal and review of critical documents.

The participating jurisdictions agreed to abide by the Planning Partner Expectations and Planning Committee Guidelines which established a Steering Committee which would provide the core of the working group. The Authorization and Letter of Intent to Participate from each municipality is also included in this appendix.

Participation is defined as having input to the hazard analysis (providing historic hazard event/loss data, vulnerability data), and as having participated in the annex workshop or alternate annex meetings as described above for the purpose of creating a mitigation strategy to be included in each municipalities annex in Section 9 of the HMP.

| Name | Title / Position | Attended Meeting(s) | Completed Information Gathering Worksheets / Surveys | Provided Data and Information | Reviewed/Updated Inventories (e.g. Critical Facilities) | Identified vulnerabilities | Identified progress on original Mitigation Strategy | Supported update of Mitigation Strategy | Facilitated/Supported public and stakeholder outreach | Supported Integration/Coordination with other Planning Mechanisms | Reviewed/Approved Draft and Final Plan Sections | Designated Project Point of Contact |
